ABSTRACT

This bibliography (non-annotated) is divided into three major sections. The first covers books, periodicals and pamphlets describing individual careers, job hunting techniques and the world of work. The second section contains a selected listing of U. S. government publications on employment and careers. The final section includes a group of reference materials pertinent to employment. While this bibliography is specific to the library at the University of Northern Iowa, its citations cover recognized materials generally available through reference libraries and the U. S. Government. (CKJ)

THE UNIVERSITY OF NORTHERN IOWA LIBRARY - READER SERVICE DEPARTMENT

Selected List of Career-Related Publications in the Main Reference Collection.

The following list includes a selection of publications which may be of interest to persons seeking information on employment and careers. Most of the titles are Reference books and can be found in the Reference Collection on the main floor of the Library. The first category of publications is "educational institutions," which includes books listing colleges and universities, graduate schools, two-year colleges, vocational and technical schools, free and experimental schools, foreign study, correspondence and continuation schools, specific fields of study, and for the benefit of those going into teaching, a small number of books listing elementary and secondary schools. Other categories included are student financial aid; directories of companies; occupations; civil service; employment statistics; resumés; salary statistics; teacher certification; and women-employment.

For assistance in locating the titles listed, ask at the Reader Service desk, main floor of the Library.
